- a. If severe weather is in the area, patrons will be informed. The facility will close for thunder, lightning, dangerous looking clouds, tornado warnings or other severe weather. It is especially important that parents provide their children with a safe transportation plan should it be necessary to close the center early. Those without a safe way home will be asked to remain in the facility bath house until severe weather has passed.
- b. The pool will not open when the air temperature is less than 70 degrees, skies are cloudy and the extended forecast is not favorable.
