Snow Emergency in Effect for Downtown Central Business District Only

To assist the Street Department with their plowing and cleanup efforts, the Watertown Police Department has declared a **Snow Emergency** for the **Central City Snow Removal Area** beginning at 11:00pm tonight. Snow removal and cleanup operations will be continuing in the business district of the City this evening. Parking will be permitted on city streets outside of the Central City Snow Removal Area. See map for street boundaries.

During the Snow Emergency, parking on city streets and alleys in the **Central City Snow Removal Area** will be banned between 11:00 p.m. tonight until 7:00 a.m. tomorrow morning.

Residents living in the Central Snow Emergency Area who have no off-street parking available are encouraged to utilize municipal parking lots or make arrangements with neighbors, relatives or friends to avoid a potential \$50.00 citation. In addition, any vehicle that has been ticketed and remains parked at the same location for 24 or more hours afterward may be towed at the owner's expense.

Citizens are encouraged to monitor the Watertown Police Department web site at: www.watertownpolice.com or search for us on Facebook at Watertown WI Police Department for current snow alerts and notifications. Citizens with questions regarding the snow emergency may also call the Watertown Police Department at 261-6660.
